PAYMENT & COMMUNICATIONS POLICIES

- **Our office participates with many insurance companies and will submit claims for payment of our services to these insurance companies. Co-payments, deductibles, coinsurances, & services or supplies not covered by the insurance company, are the responsibility of the patient.**

- **Please check with your insurance company regarding our participation. Your insurance company will verify your benefits but it *WILL NOT GUARANTEE* PAYMENT FOR ANY SERVICES.**

- **If payment is not received from the insurance company within sixty (60) days of billing, the balance will become the patient's responsibility. You will be given thirty (30) days to settle the account or to set up an extended payment plan. Payment plans will not accrue interest as long as consecutive monthly payments are made. If payments are interrupted, a monthly interest fee will begin accruing at an interest rate of 1.5%.**

- **If your account becomes past due and no payment arrangements have been made, your account will be sent to a collection agency. Once an account is turned over for collection you will be released as a patient. In this event you may request, in writing, the transfer of your records to another doctor.**

- **Our agents or assignees may call by telephone regarding your account. You agree that our agents or assignees may place such calls using an automatic dialing/announcing device. You agree that our agents or assignees may make such calls to any telephone numbers you have provided including any mobile telephone or similar device. You agree that our agents or assignees may, for training purposes or to evaluate the quality of service, listen to and record phone conversations you have with our agents or assignees.**

Thank you for your understanding of our payment and communications policies and the need for such policies. Please let us know if you have any questions.

I understand that I am ultimately responsible for the balance of my account. If my account becomes assigned to a collection agency, I agree to pay collection agency fees of 25%, court costs, and attorney fees. I understand that all accounts with a balance due over 30 days will be assessed a 1.5 percent late charge per month on the unpaid monthly balance unless an extended payment plan is in effect as per above.
